

**Incoming abstracts for 12<sup>th</sup> International Seminar of the European Palliative Care Research Centre, 16<sup>th</sup> – 18<sup>th</sup> November 2022**

<b>Abstract number</b>	<b>Title</b>	<b>Type of presentation</b>	<b>Presenter</b>	<b>Affiliation</b>
1	To investigate if acupuncture reduces nausea and vomiting in terminally ill patients	poster	Lotte Brøndum	Hospice Limfjord, Denmark
2	A resource-oriented intervention addressing balance in everyday activities and quality of life in people with advanced cancer: protocol for a feasibility study	poster	Marc Sampedro Pilegaard	REHPA – The Danish Knowledge Centre for Rehabilitation and Palliative care, Odense University Hospital, 5700 Nyborg, Denmark
3	Evidence for the use of patient reported outcome measures to improve healthcare in non-communicable diseases: a systematic review	poster	Kirstine Skov Benthien	Center for Clinical Research and Prevention, Frederiksberg University Hospital, DK
4	Being a family caregiver to a patient in palliative care	poster	Hanne Konradsen	Department of Gastroenterology, Herlev and Gentofte University Hospital, Denmark and University of Copenhagen, Institute of Clinical Medicine, Denmark
5	Integrated early specialised palliative care – a new routine option in the oncologic outpatient clinic	poster	Katrine Rahbek Schoennemann	Odense University Hospital, Department of Oncology, Palliative Care Unit, DK
6	Prevalence and overlap of malnutrition, sarcopenia, and cachexia in hospitalised older adults with cancer: a cross-sectional study	poster	Alex F Bullock	Hull York Medical School, University of Hull, UK
7	Characterization of specialized palliative care in glioblastoma patients	poster	Sisse Josephine Rudkjøbing	Department of oncology, Odense University Hospital, Odense, Denmark
8	“it’s not going to happen to me”: A qualitative study of older adults’ views and experiences of malnutrition, sarcopenia, and cachexia	poster	Alex Bullock	Hull York Medical School, University of Hull, UK
9	Palliative care needs in patients with heart failure – preliminary results	poster	Camilla Lykke	Department of Oncology and Palliative Care and Department of Cardiology, North Zealand Hospital, Department of Oncology, Copenhagen University Hospital, Rigshospitalet, DK

Abstract number	Title	Type of presentation	Presenter	Affiliation
10	End-Of-Life care in Danish Intensive Care Units (ICUs)	poster	Iben Strøm Darfelt	Regional Hospital Gødstrup, Dept of anesthesia & Intensive Care Medicine, Denmark
11	Compassionate communication and advance care planning to improve end of life care in treatment of hematological disease (ACT) - a cluster randomized controlled trial among patients and caregivers (study protocol)	poster	Cæcilie Borregaard Myrhøj	Center for Cancer and Organ Diseases, Department of Hematology and Department of Oncology, Cancer Survivorship and Treatment Late Effects (CASTLE) – A Danish Cancer Society National Research Center, Rigshospitalet, Copenhagen University Hospital, DK.
12	Sexuality issues in palliative care: a scoping review	poster	Morena Shkodra	Palliative Care, Pain Therapy and Rehabilitation Unit, Fondazione IRCCS Istituto Nazionale Tumori, Milan, Italy
13	UTS Rapid Program – Results of the Hypodermoclysis Series	poster	Linda Brown	Improving Palliative, Aged and Chronic Care through Clinical Research and Translation (IMPACCT), University of Technology Sydney
14	UTS Rapid Paediatric Palliative Care and Cancer Symptom Management Program	poster	Linda Brown	Improving Palliative, Aged and Chronic Care through Clinical Research and Translation (IMPACCT), University of Technology Sydney
15	UTS Rapid Program	oral presentation	Linda Brown	Improving Palliative, Aged and Chronic Care through Clinical Research and Translation (IMPACCT), University of Technology Sydney
16	May I ask you again? The experience of repeated patient reported outcome measures in palliative care from a patient perspective	poster	Mathilde Adersen	Palliative Care Research Unit, Department of Geriatrics and Palliative Medicine GP, Bispebjerg and Frederiksberg Hospitals, University of Copenhagen, Copenhagen, Denmark
17	Variations in practice: paracentesis in malignant ascites	poster	Linda Brown	University of Technology Sydney
18	UTS Rapid Program – Results of the Cyclizine for Nausea and Vomiting Series	poster	Linda Brown	Improving Palliative, Aged and Chronic Care through Clinical Research and Translation (IMPACCT), University of Technology Sydney
19	Living with Brain Metastases – a longitudinal qualitative study of patient experiences from time of diagnosis	oral presentation	Tonje Lundeby	European Palliative Care Research Centre, Department of Oncology, Oslo University Hospital, and Institute of Clinical Medicine, University of Oslo, Oslo, Norway

Abstract number	Title	Type of presentation	Presenter	Affiliation
20	The effect of specialized palliative telemedicine for patients with advanced cancer at home: study protocol	poster	Camilla Lykke	Department of Oncology, Copenhagen University Hospital, Rigshospitalet, Department of Oncology and Palliative Care, North Zealand Hospital, DK
22	“It is like going to school” - an ethnographical field study of a Swedish supporting program for children who lost a parent	poster	Hakima Karidar	Department of Health Sciences, Lund University, Sweden
23	Emotion and symptom-focused engagement (EASE): A multi-site randomized controlled trial of an intervention for individuals with acute leukemia	poster	Kyle Fitzgibbon	Department of Supportive Care - Princess Margaret Cancer Centre, University Health Network
24	Abstract – National patterns in the use of midazolam in palliative medicine	poster	Morten Tranung	Department of Clinical and Molecular Medicine, NTNU, Norway
25	Is pre-bereavement collaboration between family caregivers of people with a serious illness and healthcare professionals associated with post-bereavement emotional wellbeing? A population-based survey	poster	Orphé Matthys	End-of-life Care Research Group, Vrije Universiteit Brussel (VUB) & Ghent University, Brussels & Ghent, Belgium
26	Prevalence, characteristics, and unmet needs of palliative care patients at Internal Medicine departments pre and during the COVID 19 pandemic	poster	Lui Fidelsberger	Clinical Department for Internal Medicine II- Palliative Care Unit, University Hospital Krems, Austria; Department of Health Economics, Center of Public Health, Medical University of Vienna, Italy
28	Predicting Off-Label Drug Use among Patients Receiving Palliative Care Services	poster	Haya Al-Shamri	Clinical Pharmacy and Palliative Medicine, LMU University Hospital, Munich, Germany
29	Systematic screening for palliative care needs - Implementation of EORTC QLQ-C15-PAL in a Danish University Hospital	Poster	Emma Helledie	Palliative Care Unit & Palliative Care Research Aarhus, Oncology Department, Aarhus University Hospital, Denmark

Abstract number	Title	Type of presentation	Presenter	Affiliation
30	Variable adherence to intervention requirements – a challenge for RCTs	poster	Marianne Jensen Hjermsstad	Department of Oncology, Oslo University Hospital, Oslo, Norway / European Palliative Care Research Centre (PRC), Department of Oncology, Oslo University Hospital, and Institute of Clinical Medicine, University of Oslo, Oslo, Norway
31	Confidence and educational needs concerning palliative care among doctors at non palliative clinical departments in a Danish University Hospital	poster	Torsten Konishi	Palliative Care Unit, Anaesthesiology Department, Randers Regional Hospital, Denmark
32	Does the presence of a caregiver affect the perceived pain in patients with cancer? A review.	poster	Morena Shkodra	Palliative Care, Pain Therapy and Rehabilitation Unit, Fondazione IRCCS Istituto Nazionale Tumori, Milan, Italy
35	“Nutrition Impact Symptoms in Oncology –Why should we address them?”	poster	Amaia Urrizola Martinez	Department of Oncology, Clinica Universidad de Navarra, Pamplona, Spain.
36	The role of inflammation in development of malnutrition in advanced cancer	oral presentation	Asta Bye	Palliative Care Research Centre (PRC), Dept. of Oncology, Oslo University Hospital, Institute of Clinical Medicine, University of Oslo, and Faculty of Health Sciences, Oslo Metropolitan University, Norway
37	The impact of Advance Care Planning on high grief symptoms in bereaved relatives six months post-death: A randomized controlled trial	oral presentation	Mette Asbjoern Neergard	Palliative Care Unit, Aarhus University Hospital, Denmark
38	End-of-life care in times of the COVID-19 pandemic: A phenomenological study of hospice nurses' experiences	poster	Hanne Mørkenborg Bové	Hospice Djursland, Regionshospitalet Randers, Denmark
39	Validation of the EAPC/IASP diagnostic algorithm for Neuropathic Cancer Pain: Preliminary results	oral presentation	Morena Shkodra	Palliative Care, Pain Therapy and Rehabilitation Unit, Fondazione IRCCS Istituto Nazionale Tumori, Milan, Italy

Abstract number	Title	Type of presentation	Presenter	Affiliation
40	SPICT™ and SPICT4-All™ (Supportive and Palliative Care Indicators Tool) translation and cross-cultural adaptation in a Danish Healthcare Context.	poster	Heidi Bergenholtz	Holbaek Hospital, Surgical Department, Region Zealand, Denmark & REHPA, Knowledge Centre for Rehabilitation and Palliative Care, National Institute of Public Health, University of Southern Denmark, Denmark.
41	Use and reporting of FAMCARE scale to measure cancer caregiver's satisfaction with care - A scoping review	poster	Kristin Vassbotn Guldhav	Dept. of Oncology, Førde Central Hospital, Førde, Norway
42	Patient-reported outcomes in cancer patients newly diagnosed with brain metastases	poster	Guro Lindviksmoen Astrup	Oslo University Hospital, Norway
43	Pre-death grief in family caregivers during specialized palliative care: A cohort study	poster	Mai-Britt Guldin	University of Southern Denmark, DK
44	NOTE: Late breaking abstract to the 12th International PRC seminar. A refined abstract with supplemental data will be submitted in the summer, if accepted by the scientific committee	oral presentation	Marianne Jensen Hjernstad	Department of Oncology, Oslo University Hospital, Oslo, Norway / European Palliative Care Research Centre (PRC), Department of Oncology, Oslo University Hospital, and Institute of Clinical Medicine, University of Oslo, Oslo, Norway
45	Dexmedetomidine in acute palliative cancer care	poster	Gunnhild Jakobsen	Cancer Clinic, St. Olav University Hospital, Trondheim, Norway
47	Coping strategies in patients with brain metastases and their family members – a qualitative study	poster	Daniela Lillekroken	Oslo Metropolitan University
48	What characterises good home-based end-of-life care: Analysis of 5-year data from a nationwide mortality follow-back survey in England	oral presentation	Yousuf EIMokhallalati	Leeds University
49	How do changes in social connection relate to end-of-life outcomes among older people with cancer? A longitudinal survey study in 14 European countries	oral presentation	Lara Pivodic	Vrije Universiteit Brussel (VUB) & Ghent University, End-of-Life Care Research Group

Abstract number	Title	Type of presentation	Presenter	Affiliation
50	How can we improve implementation of complex interventions - development of an tailored implementation guide	poster	Kjersti Stokke	OSLO UNIVERSITY HOSPITAL , Norway
51	Trends in hospital-based specialist palliative care utilisation, associated determinants, and the association with high-intensity end-of-life care in patients with gynaecological cancer	oral presentation	Anne Høy Seemann Vestergaard	Aarhus University Hospital, DK
52	Endpoints in cachexia clinical trials: a systematic review and data synthesis	poster	Barry J A Laird	St Columba's Hospice Reader in Palliative Medicine, Institute of Genetics and Cancer, University of Edinburgh
53	The relationship between clinical, radiological and biological biomarkers in patients with cancer; initial findings from the PRC REVOLUTION cachexia characterization study	oral presentation	Barry J A Laird	St Columba's Hospice Reader in Palliative Medicine, Institute of Genetics and Cancer, University of Edinburgh
54	Next of kin in the Department of Oncology at Oslo University Hospital	poster	Caroline Steen Abrahamsen	Regional kompetansetjeneste for lindrende behandling (KLB), Helse Sør-Øst   Avdeling for kreftbehandling   Kreftklinikken Oslo universitetssykehus HF
55	Caregiver Care: Developing an intervention to support caregivers in general practice	poster	Marie Cecilie Vinther	Department of Public Health, Aarhus University, DK
56	The value of in vivo reflectance confocal microscopy as an assessment tool in chemotherapy-induced peripheral neuropathy: A pilot study	poster	Sabrina R. Ramnarine	Clinical Imaging and Medical Physics, Guys' and St. Thomas' NHS Foundation Trust, London, UK
57	Neuroimaging evidence of a potential pre-existing vulnerability towards developing chronic painful chemotherapy induced peripheral neuropathy (CIPN).	oral presentation	Heather Whalley	Neuroimaging evidence of a potential pre-existing vulnerability towards developing chronic painful chemotherapy induced peripheral neuropathy (CIPN)

Abstract number	Title	Type of presentation	Presenter	Affiliation
58	A translational study of biomarkers assessing response to radiotherapy for cancer induced bone pain	poster	Tonje A Sande	Institute of Genetics and Cancer, University of Edinburgh, Edinburgh, UK
59	The experience of people with incurable cancer of taking part in a feasibility rehabilitation intervention trial: Embedded qualitative research study	poster	Anna Lloyd	St Columba's Hospice, Edinburgh, UK
60	Development and implementation of innovative digital Patient-Centered Care Pathways for cancer patients using Agile design: A Pre-pilot study	poster	Elias David Lundereng	European Palliative Care Research Centre (PRC), Department of Oncology, Oslo University Hospital, and Institute of Clinical Medicine, University of Oslo, Oslo, Norway
61	Investigating central mechanisms of 3% levomenthol treatment on chemotherapy-induced peripheral neuropathy: a phase II placebo-controlled RCT with embedded (f)MRI	oral presentation	Laura Klinkhamer	Deanery of Molecular, Genetic and Population Health Sciences, University of Edinburgh
62	Enhanced Community End-of-Life Care Provision in Fife during the COVID-19 Pandemic	poster	Stephen Fenning	NHS Fife
63	Characterising ketamine responder and non-responder sensory profiles patients in cancer-related neuropathic pain: secondary analysis of the KPS randomised placebo controlled QST data	oral presentation	Matthew R. Mulvey	Yorkshire Cancer Research University Academic Fellow, Academic Unit of Primary and Palliative Care   Leeds, Institute of Health Sciences University of Leeds, UK
