## ERRATA

- Equation (2.17) should read:

$$\mathbf{c}(t) = \mathrm{T} \exp\left[-\mathrm{i} \int_{-\infty}^{t} \mathrm{d}t'\, H(t')\right] \mathbf{c}(-\infty)$$

- In the appendix on ultrafast optics, correct English would be:
  '$\eta$ is proportional to *the* GDD'
